

## Report 200 Injured In Fire During A Fierce Hurricane

### Hangars Of Navy Blimp Base At Richmond, Fla. Storm To Keys

MIAMI, Fla., Sept. 15.—(P)—Over 200 persons were reported injured tonight in a fire at the Richmond navy blimp base as a violent tropical hurricane that reached a peak of velocity of 143 M. P. H. swept inland across the Florida keys.

Hurricane warnings were ordered hoisted over all of peninsula Florida, 50,000 persons were driven to seek emergency shelter in South Florida alone, and at least one death was reported.

Flames whipped by the great winds threatened to destroy the giant navy blimp hangars at Richmond, 30 miles from Miami, which were described by the navy as the world's largest single-arch wooden constructed hangars.

The navy said no deaths resulting from the blaze had been reported up to 11:15 p. m. (EWT), but all available ambulances, doctors and medical personnel were being rushed through the storm to the base.

Three hundred enlisted men from Opa Locka naval air station, Miami, were dispatched to help combat the flames. The cause of the fire was not immediately determined.

**Blaze At Miami**  
Another fire sprang up on the northwest fringe of downtown Miami, destroying a furniture factory and a tile-manufacturing plant and casting a great red glow up against the rain-whipped skies.

Relief workers went into the Florida Keys as the core of the storm raged over the everglades in a curving northward movement. Hundreds of homes were reported damaged in the keys, where the hurricane reached an officially recorded velocity of 143 M. P. H. at Caryport Light, 40 miles south of Miami.

Winds of 99 M. P. H. roared over Miami itself but damage was held to a minimum by the tightly boarded up city.

The police department halted all traffic over the three causeways connecting Miami and Miami Beach to prevent motorists from being blown into Biscayne Bay. During the great Miami hurricane of 1926 when 327 persons died and 6,327 were injured, many of the dead were lost by venturing out on the causeways as the storm center passed giving a treacherous hull.

All public buildings including schools, police stations, post offices and motion picture theaters were thrown open as emergency storm shelters in virtually every South Florida city. Hundreds were under cover in them, some late arrivals bedraggled and soaking wet.

**Red Cross Gets Active**  
More than 1,000 Red Cross workers were on the job, some in dangerous spots.

The extreme 143 mile velocity was reported at Caryport Light, 40 miles southeast of Miami.

Hurricane warnings were extended higher along Florida's East and West coasts.

A 3:30 p. m. advisory sent hurricane warnings flying at Palm Beach and Tampa and placed the rest of Florida on the alert. Previously the hurricane warning zone covered south Florida from Fort Lauderdale to Naples.

The Lake Okechobee region, scene of Florida's greatest hurricane disaster in 1928 when some 2,000 persons were killed, was in the area in which the grim red-and-black warnings were hoisted.

Storm forecasters sought further confirmation of the recurring movement which would bring the dangerously high winds—reported to have reached 150 miles velocity at Turk's island in the Bahamas yesterday—closer to Miami.

Telephone communication with Key West was cut off as the afternoon wore on and the fury of the storm increased.

Heavy, window-rattling sheets of rain drenched the entire south coastal area: huge waves cascaded over the beaches, lashing against tightly boarded-up cabanas of the beach luxury hotels, and as the blow grew even more violent few persons ventured abroad.

Miami itself presented the appearance of an old-time western "ghost town," with all store windows and many homes boarded up. Black-and-red hurricane warning flags were blown down. No casualties were reported by mid-afternoon.

## Missouri War Chest Drive To Open Soon

### Pettis County Goal \$28,000, Half For Local Agencies

The Missouri War Chest Drive will open in Pettis County as well as throughout the state in the near future and plans are going forward under Ray Jiedel, chairman, and committee chairman he has named, for a complete coverage of the city in a short time, that the goal may be reached and quickly.

The amount, \$28,000 for the county, is divided into two parts. One-half for local agencies, one-half for national war activities. In the local setup are the Boy Scouts, Girl Scouts, Melita Day Nursery, Negro Day Nursery and Salvation Army. Each has presented its operating budget to the local committee, hewed to the limit, and it totals \$14,000. It has been the desire of the committee, as well as the heads of the agencies to ask for only actual amounts needed, then to make every effort to collect those amounts.

**Chairmen Named**  
Further announcements will be made relative to the opening of the drive, and the amounts each agency is asking for.

Mr. Jiedel has named the following chairmen: County, Leon Archias and J. U. Morris; downtown solicitation, Paul Hedderich, I. H. Reed, Joe Rosenthal and Charles M. Van Dyne; schools, Heber U. Hunt; publicity, L. J. Banner; speakers' bureau, Rev. H. U. Campbell; Missouri Pacific shops, C. R. Kilbury; M-K-T shops, Harry Brunkhorst.

**Unhappy Over  
Tire Situation**

Motorists in Pettis county are to be disappointed over the tire situation in the country, especially in this area. Quota of tires will not be increased as was requested by the local War Price and Rationing Board of the Kansas City office. This information was received the past week by Vice-Chairman William Igenfritz, who passed it on to the local tire panel.

It was explained the sudden change in gasoline rationing caused so many applications for tires throughout the entire country, and production has not increased sufficiently at this time to grant increases in tire quotas.

The officials at the Kansas City office explained the tire quota for the Kansas City district was only 740 passenger tires, less than that of August. Consequently, the only remedy for local boards' activities is the proper use of the priority list for passenger tires and the essential list for truck applications where the quota is lacking.

## General 'Ike' May Be Chief

By WES GALLAGHER

BERLIN, Sept. 15.—(P)—Veteran army officers predicted today that Gen. Eisenhower would succeed Gen. George C. Marshall as chief of staff.

They also expressed belief that Gen. Carl A. Spaatz, commander of strategic air forces in the Pacific, would be named commanding general of U. S. army air forces, succeeding Gen. Henry H. Arnold, if Spaatz was persuaded to drop his often indicated plan to retire.

(A dispatch from Nice said Eisenhower left the Riviera resort suddenly Saturday, leaving behind U. S. Ambassador to Russia W. Averell Harriman and two generals with whom he had come for a vacation. Eisenhower's sudden departure was not explained.)

(In Kansas City President Truman, asked about possible changes in the war department, said he thought he could give a better answer on his return to Washington.)

## All But One In Crash Dead

### Toll Of 23 As Transport Plane Plunges Down

KANSAS CITY, Sept. 15.—(P)—Only one of twenty-one home-bound European war veterans, passengers aboard a military air transport plane which crashed early today remained alive tonight—and his condition was critical.

A crew of three died in the craft which crashed and burned only a few seconds after it took off from Fairfax Airport.

Three of the veterans were alive when rescue parties reached the charred wreckage on the north bank of the Missouri river. Of these, two died later at a local hospital.

Sgt. Ora D. Delong, whose papers indicated he had relatives at Fort Scott, Kas., Winfield, Kas., and San Bernardino, Calif., remained alive this afternoon but his condition was described as critical.

At Rosecrans Field, St. Joseph, Mo., the army announced the names of the three-man crew as: Pilot—1st Lt. Warren E. Derrickson, wife, Mrs. Lucille M. Derrickson, Broken Bow, Neb.

Co-Pilot—1st Lt. James E. Wuest, father Michael E. Wuest, Hamilton, Ohio.

Flight Clerk—Pfc. Elbert P. Keziah, mother Mrs. Mary C. Outten, Lackey Post Office, York Town, Va.

Because of a delay in notifying next of kin, names of the passengers had not been released.

The investigating board has made no announcement concerning cause of the crash.

**Notes Were Given**  
Elliott executed promissory notes both to Hartford and Baird, with his wife, Ruth Giggins Roosevelt, a co-maker of the Hartford notes.

Texas State Network was losing money in 1938 and 1939. Elliott with the owners of several radio stations over the country decided to start a larger network.

Baird loaned Elliott another \$70,000 for this venture, taking stock as security. In 1939, Elliott repaid Baird \$10,000 on the Texas State loan. At the end of 1939 Elliott owed Baird \$110,000.

The larger network failed and was put into receivership within a year of its organization. Baird ultimately received about \$20,000 upon the liquidation, reducing Elliott's debt to him to approximately \$80,000.

Elliott entered the army late in 1940. In 1941, while making hazardous trips by air, he told his father he was worried about leaving large debts for his wife and children.

## Will Tell Tuesday of "Changes"

### President Visits Mother And Also His Office

By ERNEST B. VACCARO

KANSAS CITY, Sept. 15.—(P)—President Truman said flatly today that he would tell reporters all about rumored changes in the department at his press conference next Tuesday in Washington.

He made the statement shortly after he had told an informal press conference that he could give a better answer to any question relating to that department upon his return to the capital.

There have been persistent rumors that Henry L. Stimson, secretary of war, is anxious to retire and that his departure would be followed by that of Gen. George C. Marshall, chief of staff.

Leaving his office in the federal building, the President was told his answers concerning the war department had occasioned considerable excitement among reporters.

Mr. Truman replied he hadn't told them anything specific but that he would tell them all about it next Tuesday.

The President, however, made it clear that he has not decided upon his choice for the supreme court vacancy. He said flatly he would not have an announcement on that post when he discussed his appointments at a news conference at the White House at 4 p. m. (EWT) next Tuesday.

**Look Into Labor Affairs**  
Mr. Truman, reporting to reporters at his offices in the federal building on earlier calls on his mother, his barber, and a former haberdashery store proprietor, also disclosed:

(1) That he will look into labor disturbances at Detroit on his return to Washington but that he has no intimate knowledge of the situation at the present time. Fifty thousand Ford Motor Company employees were thrown out of work last night when production ceased at various plants throughout the country.

(2) That he has no knowledge concerning published reports that Major General Patrick J. Hurley, enroute home from China, wants to resign his post as ambassador to that country.

Hurley asked permission to return home to report on the Chinese situation, the President said, but said nothing to him about resigning.

He added, however, that Russian recognition of the central government had left the Communists out of the picture.

A reporter asked if the appointment of a successor to retired supreme court Justice Owen J. Roberts was any nearer.

The President said no, that he was still studying that matter and trying to find the right man. The right man is often hard to find, he commented.

He was asked about his choice as successor to Paul V. McNutt as federal security administrator. McNutt was appointed a few days ago as high commissioner to the Philippines.

He said he had no comment on that.

## MacArthur Declares Japanese Empire Is Not Allies' Equal

### Read Of Debt Settlement In Newspapers

#### Elliott Roosevelt Tells Inquiry Body About Big Loans

By FRANCIS M. LEMAY  
WASHINGTON, Sept. 15.—(P)—Brig. Gen. Elliott Roosevelt told government investigators he borrowed over \$600,000 to build a Texas radio network.

He said he never knew how Jesse Jones, former commerce secretary, settled his huge debts until he read about it in the papers. The house ways and means committee today completed reading the 200-page statement of the late president's second son. It expected to make a decision on its inquiry next week.

Elliott, now 35, is leaving the army with his future employment unannounced. Ways and Means committee said his statement indicates he is "broke."

Throughout the account of his business life, young Roosevelt hammers at one point—that the influence of the office of his father, the president, never was used to promote his financial affairs. He gives in detail his own account of how his father was consulted by telephone of John Hartford, president of the Great Atlantic and Pacific Tea Company before Hartford loaned Elliott \$200,000.

Elliott's story was obtained by officials of the Internal Revenue Bureau. It was read behind closed doors by the ways and means committee.

**Bought Texas Network**  
Committeemen would not discuss it for publication. But today, from many sources, young Roosevelt's own account can be pieced together for the first time, as follows:

In 1938, then 28 years old, Elliott was president of Hearst Radio which owned stations in Texas. This organization desired to dispose of certain of its stations. Elliott and two other men formed a corporation, known as Texas state network. Elliott was to purchase 55 per cent of the stock, and the other two men to take the remainder.

Young Roosevelt asked his late uncle, Hall Roosevelt, to help him raise money. If Hall Roosevelt sought the assistance of former Rep. Sirovich (D-NY), Elliott did not know about it.

Hall Roosevelt told Elliott that John Hartford, head of the grocery store chain, often made loans to young men starting out in business and sent Elliott to see Hartford in New York.

Hartford asked Elliott whether it would be embarrassing for President Roosevelt if he made the loan. Elliott suggested that Hartford telephone his father, then at Warm Springs.

Elliott did not hear what his father said to Hartford.

The President later told Elliott, according to the son's story, that he told Hartford if he wished to loan money to Elliott he must do it on the merits, that his children were independent to conduct their affairs as they wished, that any transaction would be between Elliott and Hartford and would not involve the president, and that he would not, therefore, be embarrassed.

Hartford loaned \$200,000 to Elliott, taking stock in the Texas State Network as security.

Then, a few weeks following, David Baird, a New York insurance broker, loaned Elliott \$50,000, taking stock as collateral. Baird stipulated that the network take a \$100,000 life insurance policy upon Elliott, which was done.

### More Suspected In War Crimes In Custody In Steel Fist Policy

TOKYO, Sunday, Sept. 15.—(P)—General MacArthur clamped a tight censorship on Japan's news industry today, declaring the empire was no equal of the Allies but "a defeated enemy which has not yet demonstrated a right to a place among civilized nations."

All but a few of the top sabre-rattling militarists on his wanted list of suspected war criminals were in custody. Those detained included Lt. Gen. Masaharu Homma, held accountable for Bataan's terrible "death march."

Jose Laurel, puppet president of the Philippines, his son and Benigno Aquino, head of the puppet Filipino assembly, were arrested by U. S. army authorities at the health resort of Nara near Osaka and taken to Yokohama.

**More Islands Be Occupied**  
Meanwhile, most strategic centers of all four home islands were marked for occupation by October in a stepped-up schedule testifying to the smooth spread of U. S. military power across the fallen nation.

MacArthur showed the Japanese the steel fist in his policy of occupation yesterday when the nation's news leaders were assembled to be told that 100 per cent censorship was effective at once.

"General MacArthur desires it to be understood that the Allied powers do not regard Japan as an equal in any way," Col. Donald Hoover, chief of censorship, told the Japanese newsmen.

"The tone of the colored news you have been presenting to the public gives the impression that the supreme commander has been negotiating with the Japanese government."

"There are no negotiations. . . The supreme commander will dictate orders to the Japanese government. He will not negotiate with it."

The Japanese still were entrusted with the main burden of rounding up the men MacArthur wants for questioning, but the Americans may take over it at least three high on the list are not quickly produced.

They are Shigenori Togo, foreign minister at the time of Pearl Harbor; Taketora Oota, named as a black dragon terrorist who holds ministerial rank as secretary of the present cabinet, and Vice Adm. Ken Terashima, "Pearl Harbor" cabinet minister of communications.

The biggest fish walked in unassisted and gave themselves up to the Japanese police at Yokohama.

They were the six-foot, bulking Homma and Lt. Gen. Shigenori Kuroda, who succeeded him as commander in the Philippines. Both were high on MacArthur's list.

**Denies Ordering March**  
Homma denied to Associated Press Correspondent Al Dopking, who met him at a Tokyo station, that he had ordered the infamous death march from Bataan but said as commander he was responsible for acts of his subordinates.

Tojo, the leader as war-time premier of all these men, was recovering from a botched attempt at suicide. Most of his principal henchmen either were in American hands or were suicides.

**R. T. Wood To  
Give Address**

The Sedalia Federation of Labor will hold a meeting at the Labor Temple, 209 1/2 South Ohio avenue, Tuesday night, September 18 at which time R. T. Wood, president of the Missouri State Federation will deliver the principal address. The meeting will begin at 7:30 o'clock.

The Federation is resuming its regular schedule of meetings, on the first and third Tuesdays of each month after a vacation during the summer. This is the first meeting since early last summer.

It is announced President Wood will have an important message for the members of organized labor, and all members of the Federation are urged to be present.

## Wisdom Is Being Wise In Time—

Maybe President Truman was right in declaring that "the country more than individuals, was to blame for the Pearl Harbor disaster." On the other hand when events of dire concern began to pile up in the latter days of 1941, the country as a whole looked to its leadership—as individuals—to cope with the situation.

Today there are those who would have the people believe that there was great mystery shrouding the events preceding Pearl Harbor, that the people themselves did not know what was transpiring, neither did the leaders. In other words the war with Japan slipped up on the United States and our national leaders with stunning suddenness—yes, that's what the people are being led to believe now.

So for purposes of keeping the record straight and laying a little of the dust kicked up by critics of the press who contend the press failed to keep the people informed about rapid development of events preceding the war with Japan, we turn to an article appearing in "Shop Talk at Thirty," by Robert U. Brown in Editor and Publisher, newspaper trade journal. It reads:

"The Hanford (Calif.) Sentinel has taken the trouble to look back through its issues prior to December 7, 1941, and point out that the newspapers and their foreign correspondents were telling the people daily that war in the Pacific was imminent.

"This resume of four-year-old newspaper dispatches makes interesting reading and proves that the press was not asleep in the Pacific. This is something that all newspapers can afford to do from their own files to show their readers just what they were being told back in those days. Stanley Beaubaire, co-publisher of the Sentinel, states: 'Coming just before National Newspaper Week such evidence of how the newspapers endeavored to tell the public what was happening in the Pacific might help substantially to strengthen public confidence in press reports.

"Referring to the President's charge, the Sentinel editorial comments:

"That is like saying you and your friends were responsible for the disastrous Jap sneak attack of December 7, 1941. If that could be true, why did we have leaders in Washington directing the activities of the State Department, the Army, the Navy and the many other branches of government? Were not the American people relying upon the judgment and the leadership of the highly-placed men in Washington who were negotiating with the Japanese government and supposedly also were placing our entire resources 'on the alert' in the event of sudden enemy action?

"The American people were not to blame for the tragic blunders that permitted such infamy as the world witnessed at Pearl Harbor on that day.

"This newspaper—and probably every newspaper in the United States—had printed many stories, day after day, in the weeks and months preceding December 7, telling of the potent and deadly menace that lay lurking almost at any moment in the Pacific.

"For weeks, 'informed spokesmen' in Washington, D. C., told newsmen that the United States was 'fully prepared' for any eventuality in the Pacific. Sources 'close to the White House' even permitted newspapers to quote them to the effect that forces at Manila, Pearl Harbor and other places had been 'alerted.'"

"The quotations cited by the Sentinel from November 14 through December 7, of 1941 are lengthy but well worth reprinting:

"NOV. 14, 1941—'... Berlin, Rome and Tokyo today described the U. S. entry into the war as 'inevitable' and America's decision to carry war supplies, protected by U. S. naval guns, into waters was said by London to mean 'They're coming over.'... 'Saburo Kurosu arrived from Japan to attempt a 'last-minute adjustment' of Japanese-American relations."

"NOV. 15—'... a special session of the Japanese parliament in Tokyo was described by the Japanese press as 'the most important' in Japanese history because of the necessity of taking action to meet the crisis arising from the conflict in relations with America."

"NOV. 18—'The Japanese army and navy assured parliament that the armed forces were fully prepared.'"

"NOV. 22—'... the Japanese military, desirous of blocking any possibility of rapprochement with the United States, might be deliberately embarrassing the Japanese statesmen.'"

"NOV. 23—'A reliable foreigner just arrived from Tokyo (in Shanghai)... emphasized... Japan must fight if no agreement is reached with the anti-Axis nations to ease the economic blockade of the island empire...'

"NOV. 27—'Authoritative sources (in Washington) today expressed fear that Japan's answer to American demands she withdraw from the Axis and get out of China may be a Japanese attack on Thailand within the next few days... the Japanese are amassing troops...'

"NOV. 27—Well-informed opinion (in Washington) indicated that the strong American position taken by Cordell Hull last night—would be tantamount in the Japanese mind to a breakdown in the discussions... Tokyo said: 'There is little room for prolonging conversations.'"

"NOV. 29—The Japanese newspaper Asahi said today that Japanese nationals in New York were preparing to evacuate... and... would sail on the liner Tatuta Maru from Los Angeles... leaving only one or two responsible persons to look after the interests of the banking and business houses... Domei, Japanese news agency, said: 'Japan cannot continue negotiations if the United States...'

"DEC. 1—The Japanese Premier, Gen. Hideki Tojo, said today that the U. S. and British interests in the Far East should be purged... President Roosevelt, reportedly because of this statement, dashed to Washington from Warm Springs in order to deal first-hand with the momentous problems arising in the Far East...'

"DEC. 1—'... Allied powers took unprecedented military and naval precautions in the Far East today in apparent fear of an imminent Japanese thrust to the south... Tokyo newspapers... asserted... that Japan was making preparations for eventualities... The United States Navy and Army staffs at Manila were reported to have decided on emergency steps following a secret, joint meeting... Japanese warships were within striking distance of Borneo... and... important developments might be expected within a week...'

"DEC. 2—Chairman Tom Connally of the Senate Foreign Relations committee said today: 'If Japan wants a war and must have a fight, she will find out that we have a navy in the Pacific that can shoot straight...'

WASHINGTON, Sept. 15—Mild-mannered Senator Elbert Thomas of Utah, the former Mormon missionary, faced one of the most rebellious meetings of his military affairs committee in months when it met in secret sessions earlier in the week.

At first Senator Thomas, who usually kow-tows to the army, was flatly opposed to holding hearings on the discharge of men. He had planned a joint hearing with the Mead committee on surplus property for later in the week. But his committee, almost to a man, rebelled.

"John Snyder is in Europe," reminded hard-hitting Senator Joe O'Mahoney of Wyoming, "and so is Stuart Symington of the Surplus Property Board. They are the chief men we want to hear on demobilization of materiel. We don't want to waste time with under-studies."

"I think, gentlemen," countered Chairman Thomas, "that we have to give the army time to prepare its plans. I have discussed this matter with them and they have requested delay. They have to figure out how many men are needed in Germany and how many are needed in Japan. All that takes time. We can't rush them."

"They change their minds daily," snapped Senator Chapman Revercomb of West Virginia. "Let's hear what they've got to say now. The sooner the better."

"What the public is interested in," seconded Senator Ed Johnson of Colorado, who has been one of the most fearless critics of army manpower hoarding, "is the millions of men already in this country who are marking time, doing nothing in army camps, waiting to get out. I'm not talking about the men in Europe or Japan at the moment. I can understand that the army needs a little time to make plans for them. But what I think this committee needs to examine is why men already in this country aren't being discharged."

## Unanimous Committee

Chairman Thomas had no comeback to this and said that he would proceed to call members of the general staff the next day.

"There's no use sending General Henry up here," urged Senator Chan Gurney of South Dakota, who usually believes in giving the army all it wants. "Let's have General Marshall. He's the only man the country will be satisfied with who can testify to the real facts."

"Let's bring him up this afternoon," seconded Senator Revercomb of West Virginia.

However, General Marshall was out of the city, so his subordinates were called for the following day. Meanwhile, continued off-the-record discussion showed that every member of the Senate Military Affairs committee was either critical or worried over the army's do-nothing policy on discharging men.

Careful Senator Warren Austin of Vermont, generally friendly to the army, remarked: "It's disgraceful that materiel demobilization should be planned and pushed long before human demobilization."

Senator Lister Hill of Alabama, usually a great supporter of the War Department, also sounded a critical note:

"This committee had a great deal to do with mobilizing the army," he said, "and it's only right that we should now examine the important problem of demobilization."

Senator Harley Kilgore of West Virginia hit the nail on the head when he said: "The army's got to do something about these local commanding officers who are afraid of losing rank. That's one of the biggest problems—the refusal of local commanders to follow

tell the Japanese people that we will '... blast them off the land and blow them off the water... ' unless Japan renounces her empire plans."

"DEC. 3—Secretary of State Cordell Hull's remarks were reported as representing a 'pessimistic view of the outcome of the tense situation involving the two countries.' A large headline over a naval release said: 'U. S. NAVY PREPARES FOR LONGTIME WAR.'"

"DEC. 4—Tokyo's Domei Japanese News Agency said today that 'it is utterly impossible for Japan to accept' the proposals of the United States for settlement of the Pacific crisis."

"DEC. 4—Shanghai reported German diplomats were conferring today with the extent of Nazi participation and aid to Japan in the event of a Pacific war. Fritz Weidemann, former German consul in San Francisco and confidante of Adolf Hitler, was scheduled to take part in the conversations... Any further aggressive move by Japan was expected to touch off a general war in the Pacific."

DEC. 6—Japan stiffened its opposition to the United States, Great Britain and the Soviet Union today while further emergency measures were taken in the Philippines, at Singapore and in Thailand... The Japanese declared they were going ahead with their 'new order' in East Asia and that it was now up to President Roosevelt and Prime Minister Churchill whether there would be war in the Pacific...'

"The next day was Sunday, December 7, 1941.

"This testimony can be redoubled for the period of Nov. 14 to December 7, 1941, and the weeks preceding. Certainly, this is vital evidence that the press in America endeavored to do its duty in warning the people that all was not well in the Pacific and that a Japanese attack might be expected.

"There were many so-called isolationist newspapers in those days. There were many of us who wanted this country to stay out of war, if possible. But the newspapers, all of them, carried reports from around the world—straws in the wind—that could not help but reveal what was coming.

"It is proper that newspapers point this out to the public."

JUST then Dr. Lacey came noisily down the stairs. His eyes were burning. "She was trying to reach the phone to call me," he said. "I got that much from her." Mrs. Kittredge flinched back from the anger in his face. "Why in heaven's name wasn't I called hours ago? You must have realized the importance of it."

"It didn't seem serious," Mrs. Kittredge faltered. "She'd been out without a coat; she had a chill. I—I didn't want to disturb the whole household."

"That's unfortunate." The two words were a lash. Brock pressed forward. "You mean—she is really ill?"

Lacey snapped his words. "What in hell do you suppose? Where's the phone? That's what I came down for... Last night I might have been able to do something. Now I can't; she'll lose the child."

"Dear God!" It was a hoarse whisper from Hildreth. But Mrs. Kittredge stood as if she had been struck a blow which had stunned her and from which presently she would fall. Color washed out of her face; her eyes, enormous and terrified, sought her son. She fumbled stupidly for words. "But I didn't know—I didn't know..."

Dr. Lacey did not answer; he reached for the telephone.

Brock had not spoken. He seemed beyond speech. In utter silence he was looking up the stairs; now in utter silence he started toward them.

"Brock," his mother cried. "Brock, you can't go up there. Not now, like this. You haven't even your canes..." She tugged at his sleeve. "Brock..."

He put her aside. He said five words, so fraught with purpose that she quailed. He never took his eyes from his goal. He said, "Get out of my way." There was a pounding clamor to his ascent of the stairs; his hands tore at the banister as he jerked himself up step by step.

either the letter or the spirit of the regulations."

Finally Senator Johnson insisted that the hearings be open to the public.

"The war is over," he said. "We've had enough wartime secrecy. The discharge of men is something the country is entitled to know about."

This was agreed.

On Sept. 10, this column told how Col. Richard T. Knight, commander at Morrison Field, Palm Beach, Fla., was not discharging 80-point men but was arguing with Washington against discharging them. At 2 p. m. Sept. 10, eight hours following the column's publication in the West Palm Beach Post, the transportation office of Morrison Field was told to prepare for a rush of men for discharge. Before the rush was over, 200 men had been processed and sent on to the discharges to which they were entitled. Attention Lieut. Col. John A. Thompson, commander at Bartow Field, Fla.: Is it necessary to require troops under you, many of them with sufficient points to be discharged, to construct simulated horse-race equipment for entertainment use in the officers' club... Despite an official announcement by the War Department that all men of 35 with two years service would be eligible for discharge, the commanders of military government companies at the Presidio, Montecito, Calif., told 35-year-olds with two years service that they are not eligible for discharge but would be required to work in separation centers in the U.S.A... Gen. Harry Lewis Twaddle, commander of the 95th division, Camp Shelby, Miss., called together his troops the other day to explain occupation duty in Japan. The boos from the troops were so prolonged and so frequent that it took him 40 minutes to deliver a 15-minute speech... Meanwhile at Camp Shelby, men report that an attempt is being made to keep them busy using up equipment that is brand new, vehicles that are brand new, shooting ammu-

nition on the range, and generally wasting government time and money.

## Fifty-Fifty

North Carolina's new senator, Clyde Hoey, already has won a reputation as a teller of dialect stories overshadowing ex-Senator Tom Heflin of Alabama. One of his latest, told in the Senate lobby the other day, was inspired by Republican efforts to gain equal representation on the special committee to investigate Pearl Harbor.

"I was driving through my state," Hoey said, "when I stopped in a little town and noticed the colored church there. Standing in front of it was a man who told me he was the preacher.

"How many members do you have in your church? I asked him.

"Fifty," he replied.

"How many active members do you have?"

"Fifty."

"Fifty members and fifty active! That sounds like you must be a good preacher."

"Yes, sir—fifty members, 25 active for me and 25 active against me."

NOTE: Republicans lost out in

pain. This was Brock come back to her, who, obeying at last the summons of a need greater than his own had, through that obedience, found himself.

\*\*\*

CORINNE KITTRIDGE sat in her room amid the ruin she had pulled down upon herself. The old pain was dogged in her chest, but a deeper pain was in her heart.

She had wronged them both—Brock and Thayer. She had meddled with a terrible consequence to them all. Hildreth had put it into unforgettable words of harsh pity. "I'm sorry for you, Corinne, because after all most of what you did was stupidity, and Life is somehow kinder to the sinners than to the fools."

She had tried to cling to the lame excuse, "I tried to do what I thought best for my son; I loved him." But now there seemed no ring of truth in the words. Love, she had seen love this day—in the eyes of two people brought together by the tragedy of a shared loss.

She got up heavily and went out. She looked in at the open door of Thayer's room. They were together. Brock was holding the girl's hands and they were looking into each other's eyes. They were neither missing her, nor caring.

She could not intrude with her poor apology, her plea. They did not need her; they would never need her. They would tear their eyes from each other unwillingly at her intrusion. They would be embarrassed because of her embarrassment, but kind. Having so much they could be generous.

They were young and the world was theirs, the new world that they and their kind would make. She belonged to yesterday. They could claim tomorrow. That was where she had been wrong. The old have their place, but no part of it should be in keeping the world from the young. Their lives would go on, theirs and their children's. The children she would never see.

She turned from the bright rapture of their faces and went back to her room.

## Japs Still in Korea

Inside fact is that President Truman and top-side War Department officials were just as surprised as the Australian government when General MacArthur continued the Koreans under the Japanese officials they had so long despised.

Explanation is that under the U. S. Army system of operation, everything is left to the theater commander. Washington never intervenes. And especially with MacArthur, who has ideas of his own and doesn't hesitate to bawl out generals in the War Department, there is no advice given him at any time.

About the nearest Secretary of War Stimson came to giving MacArthur advice was when he queried him as to why he hadn't let the surgeon-general of the army, Dr. Norman Kirk, enter Manila.

However, it can be stated that President Truman and all the cabinet feel just as strongly as the Australians regarding any Jap government continuing in Korea

Strike Threat On General Motors

DETROIT, Sept. 15.—(P)—The United Automobile Workers (CIO) threatened today to strike at all General Motors' factories to support its demands for a 30 per cent wage increase.

To spark an industry-wide drive for the increase, the union set aside \$4,000,000. General Motors was selected for the start of the campaign with the others of the automobile industry's big three—Chrysler and Ford—to follow.

The turbulent reconversion scene in the vast automotive industry shaped up thus.

1—The UAW announced it would petition for the strike vote in 135 General Motors plants if the corporation does not meet the wage demand. Such a walkout would affect more than 300,000 workers.

2—The union said Chrysler workers would ballot September 23 to decide whether they also would petition for a strike vote later. This would involve from 80,000 to 100,000 employees.

3—The Ford Motor company's big plants were almost completely closed as the corporation declared it could not continue work because of strikes against suppliers of parts. About 5,000 workers were affected directly, and 75,000 indirectly.

"Another piece of work underway is the assembly of an exhibit for the Coeur d'Alene County Fair, which will be held this fall. "Improvements about the hospital, made possible by the woodshop, are 700 signs, 7,000 window stops and seven complete chests of drawers for the Waves quarters."

## Booster Club Has Talks On Safety First

### Fred Rose, Chief Booster, Referred To Possible Competition

The Sedalia Booster club meeting was held at the local shops last week with F. G. Rose, chief booster, presiding. J. F. Taylor, secretary, read the minutes of the previous meeting.

Mr. Rose opened the meeting with remarks relative to the solicitation of business, stating the employees will have to get behind this subject now that the war has closed and they will have some strong competition in the buses and planes. They must contact merchants he said, and urge them to ship as much of their supplies over the Missouri Pacific Lines as possible.

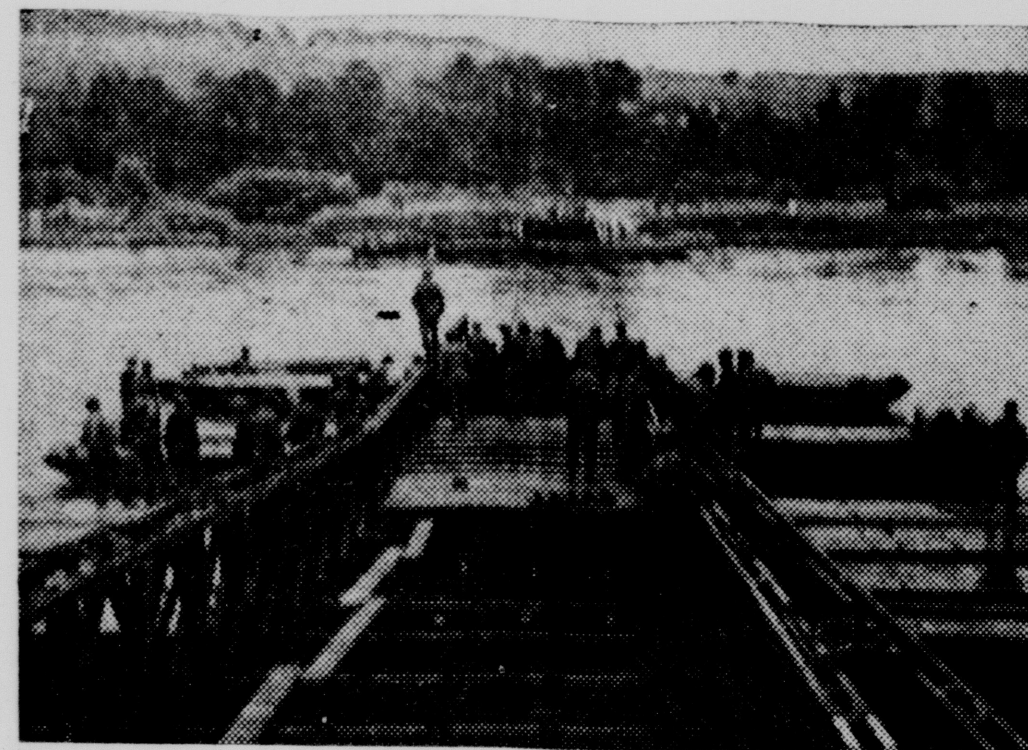

In closing Mr. Rose gave a brief sketch of the booster activities the past summer, covering the record of the Missouri Pacific Eagles softball team as well as the Boy Scout troop team in charge of D. E. Bruce. He mentioned the team the girls had and the game they played against a team from the SAAF.

J. F. Taylor Spoke

Mr. Rose then presented J. F. Taylor, machinist, who responded with an interesting talk on Safety First. He stated people are inclined a little to blame the other fellow for injuries and that they should first take a look at themselves.

Mr. Taylor said they must seek a solution to accidents. Negligence is a cause of many accidents and sometimes they pay heavily for it. He pointed out that when the men are on a job they should be safety minded enough to take an interest in what we are doing and do it safely. Mr. Taylor spoke about the Safety Rule Books that are in

**THEY NEVER STOP WORKING . . . Except when you're asleep!**

SOMEONE has said that with the exception of the heart, the muscles of the eyes are the hardest working muscles in the entire human body. Because your eyes never stop working except when they are closed!

Mankind grew up out of doors—where nature's own light was abundant. That explains why modern eyes are so overworked—so often defective. And that is why science is working so hard to bring sunlight indoors. In the meantime—here are four rules that will help reduce eyestrain—conserve energy—in your home.

- 1 Do all reading, studying, sewing, or game-playing close to a good light source, preferably a modern reading lamp.
- 2 Avoid glare from bare bulbs. Don't sit facing the light. Glare strains eyes.
- 3 Avoid shadows. Make sure you have good light directly on your book or work. Shadows strain eyes.
- 4 Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

When the war is over we are all going to have Better Light for Better Sight. In the meantime, let's conserve both eyesight and light. Take care of your eyes, but don't waste light.

**SISTER ACTS** are as old as the Tiller Girls, but Molly & Polly of the KMBC talent staff are just a couple of cute kids whose favorite movie stars are Judy Garland and June Allyson, and who think that long-haired music is for long-haired people.

**SCARCELY PAST THE BOB-BY-SOX STAGE**, they've been professional entertainers all their lives, playing, rodeos, fairs and theatres. Molly, who is 19, once took a turn at a secretaries desk, but when she found she couldn't sing during working hours, she handed the job right back again.

**MOLLY COULD SING BEFORE SHE COULD READ**, and this embarrassed her no end at the age of 4, when, appearing commercially for the first time, she sturdily climbed the platform, her damp little hands clutching the upside-down song-book for dear life! You can hear Molly & Polly on "Brush Creek Folies," 9:45-10:15, Saturday night, and on Dinner Bell Round-up at noon daily.

**"STARS IN THE AFTER-NOON,"** at 2:00-3:30 on KMBC today, brings you the first of two great Sunday afternoon all-star previews of radio's new fall season over KMBC and CBS.

**TODAY, YOU'LL HEAR HENRY ALDRICH WILL BE ON THE PROGRAM**, so will James Melton of the Star Theater (Sunday, 8:30). Andre Kotelant, whose new show is heard over KMBC on Thursday at 8:00, and Arthur Rodzinski, conductor of the New York Philharmonic (Sunday, 2:00-3:30), throughout the season, will both appear this afternoon, together with a dozen more of the biggest names of CBS. Norman Corwin has produced the show... another way of saying it's the top! Next Sunday afternoon, more stars in a second big preview.

**THE GENE AUTRY SHOW STARTS NEXT SUNDAY** ON KMBC, with Sergeant Autry making his first radio appearance in nearly two years. Time is 4:30-4:45 p.m. Three more new programs debut on the CBS network in the next few weeks. Ginny Simms, the California Canary, will be heard in her own show on Friday at 6:30, starting September 28. The new Ford show goes on the network October 2, to be heard over KMBC at 9:00 p.m. on Tuesdays, while Saturday night comes up with a big dramatic show, "First Nighter," to be heard at 6:30-7:00 p.m., starting October 20.

**GETTING BACK TO HOBBIES AT KMBC**, they're just like measles—catching. Joe Marshall, of the announcing staff, wants to write a book. He should get together with Earl Martin of continuity who has already written one, "Colorado Pete of 'Brush Creek'" and "Early Birds," grows vegetables that are out of this world! Gertrude Miller, the girl friend of the Tune Chasers, collects costume jewelry, old Mexican silver and East Indian pieces.

That appears to be 980 from here!

## The Story of the Atom

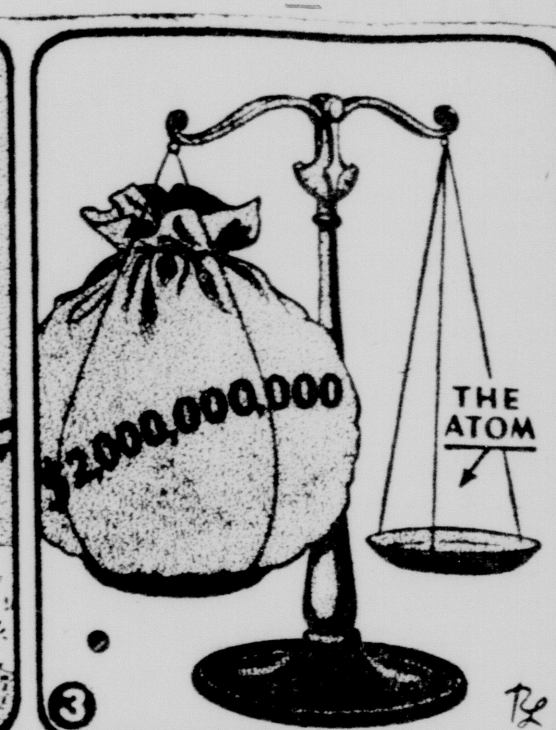

(1) The discovery of plutonium was of great importance. Like U-235 it could be made to explode by atomic fission. Furthermore, unlike U-235, it could be separated from the other forms of uranium, U-234 and U-238 with comparative ease. The discovery of plutonium was a lucky find in the days when every minute counted. To make plutonium, the scientists imbedded small pieces of uranium in graphite, to slow down neutrons that were used to attack it.

(2) Along with the scientists, spies had been busy at work. It was heard that a huge nitrate plant at Rjukan, Norway, was being used by the Nazis to make heavy water, perhaps for the production of the atomic bomb. In February, 1943, a group of allied parachute troops and Norwegian underground forces blasted the plant in a bold raid. The plant was rebuilt and was bombed out of existence again by Super-fortresses.

(3) The scientific research on atomic energy in the United States had been

under the direction of Dr. Vannear Bush, head of the office of Scientific Research and Development. In June, 1942, when the work reached the manufacturing stage, the War Department turned complete control over to Major General Leslie R. Groves. Cost of the project amounted to \$2,000,000,000 up to July 1, 1945.

(4) The federal government started erection of two plants to manufacture atomic bombs in December, 1942. One was located on 58,000 acres of land, 18

miles west of Knoxville, Tenn., and the city of Oak Ridge, was built and operated by the government, to accommodate the workers at the plant. They lived in modern dwellings and were provided with ample recreational facilities. The other plant was on a government reservation of 430,000 acres, in an isolated area, 15 miles northwest of Pasco, Wash., where 17,000 workers and their families were brought in. Strictest secrecy was maintained.

Full flowers were used in decoration, with a glowing fire in the fireplace lending cheery hospitality.

The hostesses were assisted in entertaining by Mrs. Hanley's daughter, Mrs. Seelen, and the daughter of Mrs. McNeill, the former Miss Virginia Wilkerson, the recent bride of Mrs. McNeill's son, Sgt. James McNeill.

She presided over the business session during which plans were made for the annual garden club luncheon at Bothwell hotel September 21 and for the attendance at the West Central Regional District Garden Club Convention to be held in Warrensburg October 12.

# Cards Shave Cub Edge On Pennant Race

## Beat Phillies 3 To 1 In Opener Of Their Four-Game Series

ST. LOUIS, Sept. 15.—(AP)—The St. Louis Cardinals shaved the margin between them and the pace setting Chicago Cubs to three games by defeating the Philadelphia Phillies, 3 to 1, in the opener of a four-game series at Sportsman's Park tonight.

Allowing five hits, Harry Brecheen pitched his 13th victory of the season. Losing pitcher was Charley Schanz who gave up eight blows in seven innings before Anton Karl succeeded him.

There was no score in the game until the fourth inning when the Cards picked up two runs. Ray Sanders and Marty Marion tallied for the Red Birds on a double and two singles.

Sanders doubled off the right center wall. He went to third as Andy Seminick threw out Emil Verban and then scored as Marion sent a high bouncing hit to First Baseman Jimmy Fox. Marion took third on Del Rice's single and went home when Brecheen forced Rice at second.

In the seventh the Cardinals added one more Al Schoendienst singled, went to third on Fred Daniel's throw past second. Buster Adams hit into a double play and Schoendienst scored.

The only Philadelphia run was scored in the ninth. Ben Chapman, Phillies centerfielder, singled to center. Jimmy Fox then grounded to Marion who fumbled and Chapman stopped at second. He went to third on Cooked Triplett's deep fly to Buster Adams and scored on Seminick's long fly.

## Breadon Confident Cardinals Will Win

ST. LOUIS, Sept. 15.—(AP)—Sam Breadon leaned back in his chair, flashed a confident smile and today predicted a fourth straight National League pennant for his world champion St. Louis Cardinals.

Of the Red Birds who are stumbling slightly in second place behind the highflying Chicago Cubs, smiling Sam said:

"We'll still get the best club and we're going to win."

Breadon joined almost all other baseball prognosticators in picking the five games the Cards have left with the Cubs as the ones that will decide for certain the 1945 flag race.

"We've been able to beat the Chicago club all season," Breadon said, "and I see no reason why we won't continue. If you can't whip the top team, you shouldn't win a pennant, anyway."

The two clubs meet here Tuesday, Wednesday and Thursday nights in three single games and play two afternoon contests in the windy city September 25 and 26.

So far this season the Cardinals have disposed of the Bruins successfully 13 times, losing only on four occasions. The Cubs have not yet been able to conquer the Red Birds under the flood lights.

Hoffman has Dillon 1 up on the first half.

# Sport Scraps

(By D. K. SCRUTON)

SINCE the public discussion over a Recreational Center for a Memorial, or a building to serve as a Memorial and also a City Hall, etc., has been going on, it seems as if some people want to make a political issue of the subject. This is something that should never be, politics have no part in the issue and politicians should let well enough alone.

Information reaching my ears is that "the Recreation Center is my baby". To get the records straight, it is a pleasure to deny it being my "baby", because it belongs to the Service men themselves. I shall recall to you readers that Cecil Landers, former football star, and Ensign Cecil Leftwich brought the subject up some months ago while home on leave, and I passed it on through the column.

Regardless of what some people think, personally I think Sedalia is in need of such a center. A Recreation Center cannot be considered as a loss or gain financially. It is and must be considered an investment certain to bring something to the community many fold.

It is a luxury and not a necessity, and as to a City Hall, Sedalia should furnish its necessities without trying to get them through a guise of a Memorial. Sedalia could be known as the hub to sports in Missouri, if the people will only pull together instead of everyone wanting to sponsor their own certain desires.

As one man told me, "I think we need a recreational center, but personally I think we should have a Memorial building where the veterans could go and visit with their fellow veterans, without having to pay dues to belong to some organization." It is out there, too, is a good thought, and regardless of whether we call the Recreational Center a Memorial or not, we still need it. If the men and women in the service or those who have been in the service desire it to be their Memorial, then it is our duty to give it to them.

FRED HULSE, Jr., a Pfc. in the Army Air Corps, has made the football team of the Stockton Army Air Field, at Stockton, California, playing an end position. Incidentally Fred is the only member of the team at end position which had only high school experience while the other five ends have had not only high school grid experience, but also college football.

He wrote to his parents recently their first game was with the College of the Pacific, which is coached by the famed Stagg. Stockton AAF defeated the Stagg team by a score of 12 to 6, in their game played at the SAAF.

Fred also told of a play in which he tackled one of the College of the Pacific players and said: "I nearly knocked the boy in 'old man' Stagg's lap".

He played twenty-three minutes of the game.

SELDON do I refer to letters or postcards received through the mail which do not have an authorized signature. The past week I received such a card, but it contained such merit I feel it should be referred to.

The party who wrote the letter wants to know if anything is being done to get a good floor in the State Guard Armory, and if it will be possible to use it for basketball games.

I have learned the State has been requested to floor the large auditorium, but as yet no action has been taken. However, I am informed something is in the "making". If the building can be used for basketball other than by Guard members is something yet to be decided.

Since the Armory was started, and turned over to the State of Missouri to be completed, the status of the building being used for a community center is a little vague. However, it is possible to rent the building for public affairs. It is something that should be given much consideration.

## GLIDER ENGINEERING LOSES TO ORDANCE 3 TO 0

In the only softball game of the week, Ordance rapped Glider Engineering to the tune of a 3-0 win. Kaplan pitched one-hit ball for the winners as his opponent, Nearron, allowed only four hits in a tight game. Twalts, Glider Engineering's third baseman, got his team's only single. Epping was the big stick for the winners with two hits in three trips, one of them a home run. Carter and Sargeant got the other hits for the victors.

# Tigers Take Stride Toward The Pennant

## Whip Senators Twice 7-4 And 7-3 At The Senators Stadium

Tigers 7-7, Senators 4-3

WASHINGTON, Sept. 15.—(AP)—The Detroit Tigers took two tremendous strides toward the American League flag today by soundly whipping their nearest rivals, the Washington Senators, 7-4 and 7-3, in the opening double header of their vital five-game series at Griffith Stadium.

The double defeat knocked the Senators two and a half games behind the pace-setting Bengals and crushed the spirits of 22,949 fans who sat through a long, rainy afternoon in hopes of watching the Nats surge into the leadership. Up to today, the Senators had won 11 of their last 14 games. Tonight their pennant hopes were slender, as they were four games behind the Tigers in the all-important "lost" column.

Six pitchers toiled in the opener—three for each side—with George Caster finally wrapping it up for the Tigers with three and one half innings of slick relief work while his team mates were putting the blast on Senor Alec Carrasquel for the winning run in the seventh inning.

Dizzy Trout outlasted Mickey Heafner in the night cap to tack up his 18th victory of the year. Rudy York socked his 18th homer out into the left field stands with none out in the sixth.

Philly A's 6, Cleveland 2

PHILADELPHIA, Sept. 15.—(AP)—Al Smith, seeking his 100th major league victory, ran into a hornet's nest of Philadelphia Athletic base hits in the first three innings and the Mackmen defeated Cleveland 6-2 today in the first game of a scheduled twin bill. The second game was called on account of rain after a scoreless first inning.

Smith was socked for nine hits and five runs in the first three frames and retired in favor of Jack Salvson. Don Black scattered safeties to gain his fifth win of the season.

Frank Hayes, veteran Cleveland catcher, participated in his 299th consecutive game and had one useless single.

Lou Boudreau, Indians' manager and shortstop, was in uniform today for the first time since August 13 when he cracked a bone in his right leg after a collision with Dolph Camilli. He did not play, however.

## Daily Double Pays \$2,706 At Fairmount

COLLINSVILLE, Ill., Sept. 15.—(AP)—Three fans who held tickets on winning horses in the Daily Double at Fairmount race track today each collected \$2,706 for \$2, the second highest Daily Double paid in the track's history.

Liberty, Junior captured the first race at six furlongs to pay \$62.20, \$21.00 and \$8.60. Lumber Kink romped through the mud in the second event at six furlongs for a pay off of \$57.20, \$26.40, \$12.60.

The highest Daily Double ever paid at Fairmount was in 1932 when one ticket holder—a woman—collected \$4,330.92.

# DiMaggio Discharged To Play Next Year

ST. PETERSBURG, Fla., Sept. 15.—(AP)—Staff Sgt. Joe DiMaggio, the former New York Yankee outfielder star, was discharged from the army today.

DiMaggio's papers were signed by Lt. Col. Roy R. Grinker, commanding officer of the Army Air Forces Dan Ce-sar convalescent hospital.

He received a medical discharge because of stomach ulcers for which he was hospitalized here several weeks ago after tours of duty in the Pacific Theater and on the Pacific Coast and at Atlantic City, N. J.

DiMaggio has indicated he would not rejoin the Yankees until next season as he would need several weeks to get into playing condition and the campaign has only two weeks to go.

DiMaggio will go to New York from here, leaving in the next day or so to confer with Yankee officials before going to his home in San Francisco for the winter.

# Jr. Legion To Play Jeff City Here Today

## Sedalia Has Won Two Games From Capital City Team, Lost One

The Junior American Legion baseball team, sponsored by Pettis County Post No. 16, are to play at Liberty Park this afternoon, meeting the Jefferson City Junior Legion. The game is scheduled to begin at 2:30 o'clock and promises to be another fast and well played affair.

The Sedalia team, runners up in the Missouri State tournament played at St. Louis last August, defeated Jefferson City in the playoffs at Marshall by a score of 3 to 2 for the right to represent this district. These two teams have played each other three times this season, Sedalia winning a game early in the season by a 6 to 1 score, while at Jefferson City in a nighttime affair, they lost to the Capitol City aggregation by a 2 to 1 score.

Always when these teams play, plenty of good baseball is seen and Manager William Walker is confident today's game will be another close contest.

Gene May will be on the mound for the Sedalia team, with Schumaker doing the receiving.

John "Bud" Thomas, Sedalia's All-American shortstop will also be at his regular position. The lineup other than those mentioned will be Livengood, left field; Walker, first base; Tuggle, second base; J. Waters, center field; R. Waters, third base; Kanter or Rodgers, right field; utility, Miller, J. Meyers, J. Cooney, Momberg and Holst.

Marvin Kanter, former Junior Legion player now in the U. S. Navy, will be given an opportunity to play with the local team today. Kanter, home on leave, is one of the several former Junior Legion boys who have been home on leave invited to play with his former team. It is a custom where the Legion plays and it is not in a district meet or anything which goes against their standing in tournament play, that former members are invited to play.

Earl "Potts" Evans will umpire the game.

# Team Match On Wrestling Card Tuesday

## Amir Badui To Meet "Big Ben" Morgan In The Main Event

WRESTLING CARD

Main Event	Amir Badui vs. "Big Ben" Morgan
Team Match	"Sonny" Myers vs. Marshall Estep and "Sonny" Myers
To Meet	Larry Tillman and Jerry Meeker

Place: State Guard Armory. Time: 8:30 p. m. Tuesday.

Team matches which are becoming popular throughout the country in wrestling are to be staged in Sedalia under the sponsorship of the Pettis County Post No. 16, American Legion, and one will be on the card this Tuesday night, at the State Guard Armory. Promoters are also bringing back "Big Ben" Morgan, the "Hill Billy" wrestler from Rogers, Arkansas, to meet Amir Badui, India, in the main event on the card.

It is recalled, the first team match seen in Sedalia proved to be exciting and thrilling, even to the point where the wrestlers began arguing among themselves. It is interesting to watch as well as exciting.

Matchmaker Gus Karras is bringing together in the team match event, Marshall Estep, the wrestling postmaster from Sturgeon, and Harold "Sonny" Myers, St. Joseph, as his mate meeting Jerry Meeker, Columbus, O., and his mate, Larry Tillman, Muskego, Okla.

With the exception of Tillman all three wrestlers have appeared before the local fans. Meeker chose Tillman as his partner when the team match was discussed last Tuesday. The wrestlers will "flip" a coin to see who will start the grappling and from then on it will be one and the other in the ring during the event.

Badui has appeared in Sedalia before being on the local card last spring. In meeting Morgan, it brings together two whiskered wrestlers and plenty of action is expected besides the "plucking" of the whiskers of each man. Badui is very active in the ring and is expected to be plenty of trouble for Morgan in their meeting.

Promoter Simon Kalis is endeavoring to bring outstanding talent to Sedalia and is in contact with numerous headlines of the sport.

## M. U. Tiger Ace Sprains Ankle

COLUMBIA, Mo., Sept. 14.—(AP)—A spot of gloom was cast over the University of Missouri football camp today when Bill Delastatus, ace Tiger halfback, sprained an ankle in scrimmage as the Tigers swung into final preparations for their opener with Minnesota at Minneapolis next Saturday.

The scrimmage produced a good deal more offensive power, however, than anything the Bengals had shown thus far, and also saw Ed Quirk, veteran halfback, in a new assignment. With an over supply of backs and short at tackle, Coach Chauncey Eimppson worked Quirk at right tackle in the scrimmage.

The Tigers will work the first three days next week and pull out for Minneapolis Thursday.

## Merchants Play At SAAF Today

The Sedalia Merchants will play the SAAF Wings at the Base this afternoon at 2:30 o'clock. It will be the third game of the series, each team has won a game. The Merchants winning the first 3 to 2 and losing the second 4 to 2.

"Lefty" Hal Green will be on the mound for Sedalia with Norman catching. The team will leave Sedalia at 12:30 o'clock and a large number of Sedalia fans have indicated that they will see the game this afternoon at the base.

# Cubs Protect Their Lead In Flag Race

## Win Regular Game But Lose Suspended Contest Of July 20

Chicago 5-7, Brooklyn 12-6

CHICAGO, Sept. 15.—(AP)—Chicago's front-running Cubs protected their three and a half game lead over the St. Louis Cardinals today by beating the Brooklyn Dodgers 7-6 in the regularly scheduled game after they had lost the suspended game of July 20, 12-5. Trailing 4-2, the Bruins hopped on three Flatbush hurlers for five runs in the seventh and then staved off a desperate Brooklyn bid in the ninth which netted two runs, in the regular game.

In the opener, Joe Page, aided by two homers by Charlie Keller and one by Russ Derry, scored his fourth success, compared with three won, taking a decision over Jack Kramer.

Manager Joe McCarthy of the Yankees was thumbed out in the first game by Umpire Cal Hubbard for arguing about a balk called against Page.

## Snead Far Ahead In Southwest Open

TULSA, Okla., Sept. 15.—(AP)—Sammy Snead, heating evenly as the second round wore on, bagged an eagle and three birdies at Southern Hills today for a sub-par 67 that pushed him far ahead in the \$10,000 southwest invitation golf tournament.

Byron Nelson, Toledo, O., winner of 17 tournaments this year, recovered somewhat from a first round slump and shot a 69, two under par, with five birdies, to step into a second place tie with a medal score of 142 behind Snead's 135. Snead's 67 was four under par for the course.

Ky Lafon, Miami, Okla., boosted himself into the tie as he collected five birdies for a 69 and a total of 142.

Vic Ghezzi, Deal, N. J., who teed off today in second rank, by virtue of a first round 69, dropped to third with a 74 and 143, a medal score also carded by Herman Barron, White Plains, N. Y.

With the aid of hit and run strategy, Dain Clay raced from first to third and then scored when Al Ibbke singled.

# Browns Split With Yankees

## Hollingsworth Star In Nightcap For The Browns Winning 7-4

NEW YORK, Sept. 15.—(AP)—The St. Louis Browns split with their third place berth by dividing a double header with the New York Yankees before 13,033 paying customers today, winning the second game 8-3 after the Yanks had capped the opener 7-4.

Lefty Al Hollingsworth was the star of the second game, pitching an eight-hitter for his 11th victory compared with nine lost, and batting in three runs for the Browns with his first homer of the season.

In the opener, Joe Page, aided by two homers by Charlie Keller and one by Russ Derry, scored his fourth success, compared with three won, taking a decision over Jack Kramer.

Manager Joe McCarthy of the Yankees was thumbed out in the first game by Umpire Cal Hubbard for arguing about a balk called against Page.

## Cincy 5, Giants 9

PITTSBURGH, Sept. 15.—(AP)—The New York Giants gained first blood in the battle with Pittsburgh for a first division berth by winning the opener of their three-game series 9-5 today.

The New Yorkers piled up 12 hits against three Buc tossers including four extra base blows, one a home run by Roy Zimmerman.

The Giants drove Strincevich from the mound and earned what proved to be the winning run in the sixth on four straight singles, the last of these, a drive by Johnny Rucker, sending in two mates. They added one more in the eighth and two superfluous scores in the ninth off Xavier Rescigno.

## Cincy 2, Boston 0

CINCINNATI, Sept. 15.—(AP)—The Cincinnati Reds defeated the Boston Braves 2-0 today in one hour and 14 minutes—one of the fastest games played in either league this year—with Ed Heusser allowing four hits and walking none to mark up his eleventh victory.

Ed Wright, the losing pitcher, gave the Reds 10 hits including Hank Sauer's sixth inning homer. One of the Cincinnati singles was discounted in the second when Kermit Wahl batted out of turn, got a safety, and then was called out.

With the aid of hit and run strategy, Dain Clay raced from first to third and then scored when Al Ibbke singled.

## PLOW - and FERTILIZE in One Operation

HERE'S a profitable new method for feeding crops... the McCormick-Deering Plow-sole Fertilizer Attachment for use on most makes of mold-board plows with 10, 12, 14 and 16-inch bottoms. This attachment places large amounts of fertilizer for crops safely in the furrow bottom where it can be utilized most efficiently by the plant roots.

Other advantages: it minimizes the effect of mid-season drought by providing plant food in moist soil during the entire growing season; it retards conversion of applied nitrogen fertilizer to nitrates in which form it could move out of the root zone; it minimizes fixation of potash and phosphates with the soil in unavailable forms; it ties in with corn borer control where clean plowing is desired; and it lessens early weed growth in wet seasons.

MUSEUM

Pa Pettis said to Ma: "At long last the 'Katy bear' has arrived in the courthouse museum to take up once more its role as a public character, a role that has been somewhat intermittent since the days when the M. K. and T. hospital was its chief stage. When we were talking about the old Barrett hotel near Twentieth and Grand avenue, we mentioned how this hospital was first located there. In the 1880s there alighted at the hospital station, a patient from Oklahoma (Indian Territory then), who, on his return home, in gratitude for his good treatment by the Sisters who served the hospital, sent a cub bear. Passersby on the old Camp Branch road remember seeing this bear staked out on the hospital lawn, surrounded by patients and visitors; for as a cub it was amusingly playful. But soon the bear attained such strength as to be dangerous. Then it was sent by the railroad's chief surgeon, the late Dr. E. F. Yancey, to Jim Christopher at Pettie Springs, near Warrensburg, to be exhibited in a cage, and later to celebrate the end of its mortal life by providing its 'sacrificers' with a feast of bear steaks. Then began the Katy bear's stuffed but not stuffy public life, standing in the main hall of the railroad hospital (later located on East Broadway). It had been mounted with such a fierce mein that it could have served excellently for a shock treatment; but young visitors at the hospital usually saw only the excellent possibility of the bear's

Latham sanitarium September 5, were held at the California Evangelical church, of which she had been a life long member, the following Friday afternoon at 2 o'clock with the Rev. Paul E. Schoppe officiating. Burial was in the church cemetery.

Mrs. Weller was born February 11, 1861, in Canal Dover, O., the daughter of Ursel and Marie Holz-er. She came with her parents to Moniteau county when three years old. January 2, 1882, she was married to John Weller, who died one year ago. They were parents of four daughters, Mrs. John Finger, Ava; Mrs. Al Kelling, Olean; Mrs. E. J. Lohse, Prairie Home; and Mrs. William James, St. Louis. She is also survived by a nephew, Emmett Trotschel, whom she reared, and three sisters, Mrs. Ed Taylor, Leakey, Tex.; Mrs. E. S. Lehr, New Castle, Calif.; and Mrs. Rose Bentler, California, Mo.

On January 12, 1932, Mr. and Mrs. Weller celebrated their golden wedding anniversary.

back for a 'horsey ride.' It was the menacing appearance of the bear, in addition to the fact that there was no natural museum in this locality to accommodate it, which made it difficult for the bear to find a home after the Katy hospital left Sedalia, except among practical jokers who delighted in frightening the wits out of their guests with it. Even the Missouri State Fair declined to accept the bear as a wild life exhibit unless the illusion of its menacing reality was confined in a case.

"In celebration of its 75th anniversary, the late president of the M. K. and T. railroad, Matthew S. Sloan, authorized that a magnificent case of satin finish walnut be constructed in the local shops under the direction of J. H. Brunkhorst, so that the bear might be displayed in the museum."

Ma Pettis said: "I know that the spirit of the Katy bear must have been restive last Sunday at the Historical Society's picnic in Liberty Park. It was so out of character for it to have to stand on a stage veiled, prevented by the sudden storm from resuming officially at that time its role as a noted public character in Pettis county."

# Rail Workers Will Ask For 36-Hour Week

AFL Employees Department Will Make Demand

CHICAGO, Sept. 15 — (AP) — President B. M. Jewell of the AFL railway employees department announced Friday his organization would ask the railroads to cut the members' work week from 48 to 36 hours.

The department, consisting of seven AFL unions of shop crafts-men employed in the railroad industry, will serve notice on all the railroads with which it has contracts of this demand on Sept. 25, Jewell said.

The department president said 400,000 railroad workers would be affected and that the organization has contracts with all the nation's lines except the Pennsylvania railroad and the Western Maryland road.

The decision to ask for a 36-hour, six-day week, Jewell said, was reached at a meeting of general chairmen of the seven unions who met in Chicago Wednesday.

Jewell said he believed this would be the first time such a demand has been made on the railroad industry.

All other interstate commerce industries have been on the 40-hour week since 1938, he said.

Each railroad, Jewell said "will be requested to agree to establish a six-hour day, six week days per calendar week, without a reduction in present straight time weekly compensation, instead of the present eight-hour day, six week days per calendar week."

Jewell said "this request will apply to about 400,000 employees and will be processed in accordance with terms of the existing agreements and the railway-labor act."

Jewell declined to give additional details of his move. He said the reasons for the action were elaborate and complex and that he would issue a full statement later, possibly next week.

## Solution Over Mystery Fires

FORT SMITH, Ark., Sept. 15. —(AP)—A possible solution to a series of "mystery fires" at a Sebastian county farm home was found by state police Sgt. Clyde Grisby Friday.

Grisby said two children had admitted starting with matches some of the 30 fires which have occurred apparently without cause at the home of Mrs. Annie Bryan, near Midland, since Sunday. The officer added that other persons also had told him of setting some of the fires with matches.

State, county and city authorities have been puzzled by the fires, which broke out in table drawers, wallpaper, clothing, farm buildings and other places and had neighbors watching for new blazes.

Grisby said no arrests had been made because the Bryan family

## What Good Nursing Can Do

Remember the skin-and-bones picture (left) showing Pvt. Joe Demler on liberation from the German prison camp at Limberg? Well, look at him now (right), relaxing over a game of golf at Kennedy General Hospital, Memphis, Tenn. The 5-foot-seven Demler 70 pounds when rescued, is up to 141, one pound heavier than when he joined the Army in June, 1944. Returning recently from a 60-day furlough to his home at Fredonia, Wis., where "mom's cooking" put on 11 of the regained pounds, Demler sized up his recovery with "Everybody said I sure had changed."

"was not satisfied with the children's accounts of the fires."

# Homma Has Reached Tokyo To Surrender

Held Responsible For The "Death March Of Bataan"

TOKYO, Saturday, Sept. 15—(AP)—Lt. Gen. Masaharu Homma, held responsible by General MacArthur for the ghastly "death march of Bataan," arrived in Tokyo today and told the Associated Press he was preparing to surrender himself.

The curt general who had accepted General Jonathan Wainwright's surrender in the Philippines in the grim early days of 1942 told me at a railroad station: "I am ready to take responsibility for any act of my subordinates" in the Philippines.

Homma, earlier reported to have fled to his ancestral home,

said he learned from a friend that he was No. 11 on MacArthur's "wanted" list.

He then came from his home on the island of Sado off the north-west Honshu coast.

Homma reached the Uno station in northeast Tokyo at 7 a. m. (5 p. m. Friday central war time) accompanied by four Japanese civil police from Niigata. He was met by four gendarmes.
